

NEW EXHIBITION AT ARTEAST

ARTEast presents a new exhibition of works by the talented Ukrainian painter Yuriy Lutskevych this month. The show is called Marine Collection.

The exhibition highlights the landscapes of rich and tempestuous

riverbanks and seashores of the Baltic, Black, Azov, Caspian and Mediterranean seas. Lutskevych has worked in Latvia, Siberia, the Balkans, and Eastern and Western Europe.

Inspired by the sea's unsteadiness,

Yuriy Lutskevych used a variety of techniques to create this exhibition: tempera, oil on canvas, gouache on paper, watercolor and ofort.
