As the time for Christmas shopping approaches, ARTEast gallery offers you the chance to acquire arty gifts for your family and friends. The gallery has long held the reputation of being stylish and sophisticated, offering exclusive and fashionable works of art for sale, and their range of gift ideas goes well beyond unique works of art. The choice ranges from paintings to avant-garde cards, from sculpture to tapestries, ensuring that shopping for gifts is always an enjoyable endeavour, even on cold wintry days. Yet the gallery goes the extra mile, by serving warmed mulled wine to its visitors. ARTEast understands that many of us live such hectic lives that finding time out for Christmas shopping places an impossible strain on an already full diary. Its personnel, therefore, will find, wrap, and deliver a gift according to customer's taste and budget for a small additional fee. Call the gallery on 229-6552 for further details.
