IWCK Kiev

Dear Constance,

My thanks appreciation and congratulations to yourself and all Committee members for staging the first IWCK Fashion Show which must be universally regarded as an outstanding success.

The event was brought to such a positive conclusion because of the dedication commitment organizational skills and pure hard work of the Committee coordinating closely as a team.

In particular I must recognize your personal contribution. You had a vision of a better future, an elevated status for the female fashion designers of Ukraine.

That vision became a reality at the Fashion Show. Everyone appreciated the talent and capability of the winners by IWCK providing the opportunity to display their creativity to a broader public for the very first time.

Your energy enthusiasm and professionalism shone through the many trials tribulations and complications of planning and executing this first Fashion Show in the history of IWCK and Avon Cosmetics Ukraine.

Avon is proud to be associated with IWCK and the event which provides a firm platform for building many positive benefits for the Women of Ukraine as we go forward.

A benchmark of excellence has been set for the future as a result of Saturday's great success story. I would very much appreciate you sharing my thoughts and feelings with all the Committee Members on a great job well done!

With Very Best Wishes &
Kind Personal Regards

Ron Griffiths
General Manager
